Reasonable adjustments in the classroom: a check list

This is not an exhaustive list of every aspect of planning, it is a list of practical classroom arrangements that some teachers found useful in thinking of a range of adjustments they might want to make.

1. Pre-planning information.

- Have you been given information on the nature and degree of impairment and the access needs of the disabled pupils in the class?
- Have you been shown or do you know how these disabled pupils access needs and personal care needs will be met in the class?
- If you don't know how the disabled pupils needs will/can be met seek advice from: SENCO, Federation Head or from other agencies such as Educational Psychologists, SEND Supported or Health Professionals

2. What preparation have you made with the class/ group for:

- one to one peer support
- selecting partners for all children
- group work
- valuing difference of race, gender, ethnicity, disability or religion
- How do you ensure that mutual respect is encouraged within your classroom? Are you clear about how to deal with bullying and harassment in the class?

3. Lesson planning: how will you support the needs of all learners?

Consider:

The 5 phases of the lesson:

- transition
- Delivering and receiving instructions
- Individuals working as a class
- Individuals fitting into a group
- The last 5 minutes
- Are you able to access specially adapted equipment for some students to enable them to participate fully? If not, can an alternative way be found?

4. Prepared materials

- Are written materials accessible to all: formats; readability; length; content?
- Scaffolding [practical materials] e.g. writing frames, pictograms, sounds, pictures, objects, artefacts, word lists, number lines, etc, are they accessible to all?
- Appropriate use of augmented communication and ICT

5. Self Presentation

- Have you thought about how you will: react to situations of stress, humour, seriousness, embarrassing questions; offer encouragement to all; challenge the behaviour not the child?
- Are all the students aware that you might approach the behaviour of some students in a different manner to the rest of the class?
- How will you use your voice in the lesson, e.g.: volume, tone, and make sure all children are understanding you? • Where will you position yourself in the classroom and when?

6. Use of teaching assistants

- Have you met with or at least communicated with support staff before the lesson?
- If you are using support staff for withdrawal, how do you know the pupils are gaining from this?
- If you are using withdrawal, how are the groups organised?

7. Classroom organisation

- Is seating carefully planned and/or the activity accessible for pupils with:
 - mobility impairments e.g. circulation space, table height
 - hearing impairments e.g. sight line for lip reading/ interpreter/ no glare
 - visually impaired e.g. maximise residual sight, if touch can reach
 - pupils with challenging behaviour e.g. in adult gaze; at front for eye contact
 - pupils with short attention span/easily distracted, e.g.: sit on own
 - learning difficulties who need a lot of support, e.g.: next to peer supporter
 - short attention span, e.g.: distraction free zone
- What seating plans are you using and why?
- Will seating plans make use of peer support and how?
- Are you able to access specially adapted equipment for some students to enable them to participate fully? If not, can an alternative way be found?

8. How will you deal with unexpected incidents?

Are you aware of the systems for dealing with unexpected incidents, e.g.: evacuation, fainting or fits, incontinence, medical emergencies, meltdowns?

9. How will you ensure that all students feel equally valued through their experiences of:

- the allocation of teacher and support staff time;
- being listened to/ paid attention to;
- being respected;
- achieving;
- interacting with their peers.

10. How will you assess the outcomes?

- Do you have a scheme for assessing the achievements of all?
- Have you looked at alternative forms of assessment? e.g. video recording progress, peer evaluation, self-evaluation?
- How will you involve pupils in assessing their progress?
