wood

1885 Karl Benz invented the petrol car

Significant individuals - history

Henry Ford was an American inventor who designed the Ford Model T car in 1908. Ford was able to sell cars cheaply because they were mass-produced on an assembly line.

Karl Benz was the inventor of the first petrol-powered car which was first driven by his wife Berta on New Year's Eve 1879 in Germany.

1903 Henry Ford invented the Model T
